Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on Dec. 4, 2007 has been entered.

Examiner's Remark

Applicant's amendment, filed on Dec. 4, 2007, has been received and entered into the file. According to applicant's remarks, claims 1-3, 5-15, 17-26 and 30-33 are pending and claims 4 and 16 are canceled. However the listing of claims does not indicate that claim 16 is canceled. The examiner's amendment below cancels claim 16.

The 102 and 103 rejections of the pending claims have been overcome in view of applicant's amendments/remarks and are hereby withdrawn.

Examiner's Amendment

Allowable Subject Matter

2. Claims 1-3, 5-15, 17-26 and 30-33 are allowed. An examiner's statement of reasons for allowance for claims 30-32 are presented in the previous office action and will not be repeated here. The following is an examiner's statement of reasons for allowance for claims 1-3, 5-15, 17-26 and 33. The prior art fails to teach the listed claims each of which specifically comprises the following listed feature(s) in combination with other limitations in the respective claims:

determining a set of a plurality of code words, wherein the set includes the target code word; selecting an index, wherein the index indicates the determined set; determining a check value for the target code word using a result of operating on the target code word with a cue; and sending the check value and the index to a decoder, the index allowing identification of the set of the plurality of code words and the check value allowing the target code word to be determined from the set **when a check value calculated for a code word in the set of the plurality of code words when operated on by a cue indicates a match for the sent check value.**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
